Profiling Sheet

Q.1: Write your career objective.

My career objective is to become a skilled and responsible engineer where I can apply my technical knowledge to solve real-world problems.

Q.2: Why do you want to be an engineer? Elaborate reasons.

I want to be an engineer because engineering allows me to transform ideas into practical solutions. I enjoy problem-solving, logical thinking, and understanding how systems work.

Q.3: Write about projects or internship you have done/ are doing along with the learning.

I have worked on academic projects related to my field which helped me understand practical implementation of theoretical concepts. Through these projects, I learned basic programming, debugging, teamwork and problem-solving.

Q.4: What would you consider a significant achievement in your life and why?

One of my significant achievements is successfully progressing in my engineering journey despite challenges. Managing academics, learning technical skills, and continuously improving myself has increased my confidence, discipline.

Q.5: Write about a failure of yours which you consider to share. What have you learned from it?

One failure I faced was not performing up to expectations in an academic task. This taught me the importance of better planning, consistent effort and time management.

Q.6: What are your strengths? Write one or two instances where you have demonstrated your strengths.

My strengths include problem-solving, adaptability, and willingness to learn. I demonstrated these strengths while completing academic projects by learning new concepts on my own and reaching errors through continuous practice and research.

Q.7: Write about your weaknesses. What are you doing to overcome your weaknesses?

One of my weaknesses is overthinking in challenging situations. I am overcoming this by practicing better planning, improving confidence and focusing on solutions rather than problems.

Q.8: What is the most difficult moment that you have faced in your life so far? What qualities helped you to overcome the moment?

The most difficult moment was managing academic pressure along with personal responsibilities. Practise, self-discipline, and determination helped me stay focused.

Q.9: Apart from academics, what else are you interested in?

Make a separate list in terms of extracurricular activities, sports and any other interests.

Extracurricular activities : Learning new technologies

Sports : Cricket, badminton

Other interests : Reading about technology

Q.10: Give an example of an area, concept or thing that you are absolutely passionate about.

I am passionate about technology and problem-solving, especially learning how software and systems work. I enjoy understanding logic behind programs

Q.11: Describe yourself as an individual in 5 lines.

I am a motivated and disciplined individual.
I believe in continuous learning and self-improvement.
I am adaptable and open to new challenges.
I value teamwork and responsibility.
I always try to give my best in whatever I do.

Q.12: What kinds of people do you enjoy working with?

I enjoy working with people who are positive, cooperative, disciplined, and willing to learn.

Q.13: What kinds of people you don't want to work with?

What would you do if they became your senior in your dream job?

I don't prefer working with people who are unprofessional or discouraging

Q.14: What do you expect from your first job? Prioritize and write in order.

1. Learning and skill development
2. Good work environment
3. Guidance from seniors
4. Job stability
5. Growth opportunities

Q.15: In the past year, what have you been dissatisfied about in your performance?

In the last year, I was dissatisfied with my time management to manage the college work, studies and sports.

Q.16: Rate yourself out of 5 in verbal communication. What are you doing to improve your communication skills?

I rate myself 2.5 out of 5

To improve I practice speaking in front of others, participate in discussions

Q.17: Who is your role model? What qualities of that person you would like to see in your personality and why?

My parents are my role models. I admire their hardwork, honesty and dedication towards family and responsibilities. I want to develop these qualities in my personality because they teach discipline, patience.

Q.18: Write a few lines about your friends. Do you think they help/ may help you in achieving your goals? If yes, how? If no, why do you accompany them?

My friends are supportive and motivating. They encourage me during difficult times and help me stay focused.

Q.19: Write 3 leadership qualities. How many do you possess? Write an instance where you have applied those qualities.

Leadership qualities are responsibility, communication, and decision-making. I possess all three to some extent. I applied these qualities during group projects by coordinating tasks.

Q.20: So finally, tell us something more about yourself or introduce yourself.

I am an engineering student who believes in learning through effort and experience. I am motivated to improve my technical and personal skills continuously. I value discipline, honesty, and teamwork.
